

# **Culinary Itinerary**

## **(2-Day Tour)**

### **Day 1**

Begin your day with a healthy helping of native breakfast tacos or a portion of Texas-size waffles at one of Corpus Christi's fine eateries. Head out to walk off that breakfast at the Corpus Christi Marina, known by the locals as the 'T-Heads' and stroll along the scenic docks that house a variety of 700 vessels. Purchase fresh shrimp right off the boats in the early mornings. Take a stroll on the 2 mile seawall along Shoreline Boulevard or rent a bicycle, scooter or reserve a group charter for a cruise or bay fishing trip. Grab lunch at one of the great restaurants just a short walk from the Corpus Christi Marina and try out some of the freshest seafood in the Lone Star State. Next, take a short drive to beautiful Lamar Park and visit Gourmet & Gadgets to find all that you may need for your home kitchen. Enjoy an exciting demonstration by one of the established Chefs by the sea. Hop over to Aeby Café for a sinful helping of their dessert with coffee and then head back to your beachside retreat for a short break. You'll need the break before you experience the exciting demonstration and flavors that Chef Marco will present. Join Marco at his Dinner & Demo Club for a night of fun and laughs as he shares his secrets of the kitchen and stories of his European hometown.

### **Day 2**

Grab a quick bite at one of the coffee shops conveniently located downtown and then take a tour of the extensive herb garden at the South Texas Botanical Gardens and Nature Center in the cool South Texas morning breeze. Stop by the new Indie Theater for an exciting demonstration by Chef Beasley as he shares his tricks of the trade with hands-on experiences for guests over lunch. Next, embark on an underwater adventure among 250 species at the Texas State Aquarium or end your afternoon at the Art Museum of South Texas with over 1,300 permanent works and a variety of traveling exhibits. Sip on a glass of wine during sunset aboard Capt. Clark's Flagship and see the sites of downtown. End your night with a special dinner twenty-stories above Corpus Christi Bay or in high-style at one of Corpus Christi's premier restaurants and savor a mouth-watering steak.

**Corpus Christi Convention & Visitors Bureau**
